

## ABOUT THE FUNDRAISER

Join us for a powerful evening of community, courage, and combat in support of mental health resources for our local firefighters. Enjoy a full buffet-style dinner and cash bar (first drink included in ticket price) followed by 6 live armored combat events presented by The Armored Foundation—featuring real first responders battling it out in full steel gear!

## OUR GOAL

Our goal is to rally the community behind a cause that truly matters: the mental health and well-being of our local firefighters. Through this event, we aim to raise critical funds for mental health resources, break the stigma surrounding mental health in the first responder community, and foster unity through a unique and unforgettable evening of dinner and combat entertainment. Every sponsorship helps provide support where it's needed most—right here at home.

## OUR MISSION

We believe no firefighter should suffer in silence. The pressures and trauma faced by first responders are immense, and mental health support is a vital part of their well-being. This event is more than just a night of entertainment—it's a call to action. Our goal is to build a stronger, more supportive community by funding programs and resources that promote resilience, healing, and hope for those who protect us every day.
